Mary, Mother of God Preschool Program is concerned about teaching each child about God's love and His world. We give each child the knowledge of God and help in making each child feel special and loved in His world. We use positive discipline and teach the children to behave appropriately by intervening when necessary, planning and showing love and encouragement. This is done with respect to the child, the group, and the adult.

According to the State of New Jersey Division of Youth and Family Services Licensing, the following conditions are met:

- Teachers are experienced working with children, have CPR training, and are approved by the State of NJ. Fire and health inspections are conducted yearly. Fire drills are held monthly, and general safety concepts are part of our curriculum. The school is spacious and well maintained.
- The student/teacher ratio does not exceed 1:10 for 3 year olds or 1:12 for 4 year olds. For each session there will always be a full-time approved teacher and a qualified teacher's aide.
- Parents provide transportation to and from school. We have a very strict policy in regard to releasing children only to someone you have designated.
- A physical exam and immunizations are required before entering school.
- Parents of enrolled students may come at any time; others are asked to make an appointment. Also, the teachers are available to schedule a conference at your request anytime throughout the year.
